planners, both for my business and my life, and I have to tell you - the results were amazing! I met my yearly income goal, launched a new dream business and spoke in front of 10,000 people, among many other things. None of these would have been possible if I didn't have a plan and if I didn't write them down.

VCgate Gives You:

The Largest Global Directory

Only VCgate gives you access to more than 5,000 Venture Capital investors, Angel investors & Private Equity worldwide at the touch of a button. With listings in more than 60 countries in 4 continents, you can search a US, Canada, UK, Australia, Asia, South America and Europe. That's more than other software programs on

Reliable and Up-to-Date Information

VCgate gives you accurate data you can trust. VCgate provides contact details for each investor including full office address, phone, fax, mailing address, and web site. Even though companies change information occasionally, VCgate makes sure your information is up-to-date every day, so you can get the results you need.

One Click Emailing

Compile a mailing list and e-mail your future funding partners with ease!

One of our software's biggest advantages is a simple one-click emailing program that operates directly through our website. Getting proposals out is easy; just select the companies that will be most interested in your proposal and e-introduction, project description or your business plan with a click of a button.

Data Searches

All investors can be categorized by **stage preferences**, **industry preferences** and **geographic location**. You can be able to select desired investors according to the fund size, that is, the minimum and the maximum amount. Your search time can be used more efficiently by quickly locating the firms who will be most receptive to your proposal.
